

# PALIGHT® NEW SANDCOLOR TRIMBOARD

Free Foam Cellular PVC Trimboard with Surface-to-Surface Color

CONSTRUCTION

*Classic white trim is widely used, but...*

*New Palight Trimboard Sand is a luxurious complement to earth tone windows, doors & paint.*

## Overview

In addition to all the benefits of Palight Trimboard has over wood and other competing PVC trimboard products, Sand Color Palight Trimboard complements most sand and neutral colored window and door frames.

Available in typical wood profile sizes, architects and builders can easily incorporate Palight Trimboard into nearly any trim project for a beautiful and lasting finish.

## Main Benefits

- Color runs through entire board vs. surface painted board
- Saves time, labor, and cost compared to painting
- No recurring paint maintenance cost
- No delays caused by inability to paint in bad weather, translating into prompt payments for completed work
- No need for extra painting if cutting or routing boards
- No need for touch up paint if nicked or scratched

## Typical Applications

- Window and door trim
- Facia, corners and eaves
- Column wraps
- Decorative bead board

### Attention Mill Shops!

Looking to create custom column wraps, light blocks, shutters, or other siding accessories? Mill Sand Colored Palight Trimboard and experience the benefit of a fully pigmented Trimboard.

### Palram Exclusive: Protective Film

Single-side release film standard for standard profiles.  
Double-sided film available for reversible Trimboard products with wood grain/smooth finish.

### White or Sand. Smooth or Wood Grain.

*Compared to traditional white, new Palight Trimboard Sand offers a luxurious alternative to complement earth tone windows, doors, and paint colors while also saving time, labor, and cost compared to painting.*
