CLUBHOUSE

*Luxury, great looks
 and long-lasting good
 times are the privileges
 of membership when you
 install a high-performance
 Clubhouse Deck & Rail
 by Deceuninck.*

STEP UP,
 STEP OUT
 ON
CLUBHOUSE.

Clubhouse's proprietary formulation sandwiches a stronger, more dense cell structure with the finest protective capstock in the industry for incredible results. Superior strength. A lifetime limited warranty with fade and stain coverage for 25 years.* And the kind of stunning natural wood grains and finishes that will keep them talking at the Club for years to come.

JOIN THE CLUB

- Clubhouse decking is 100% PVC and contains no wood or wood fillers... and no wood related problems like insect damage or rot.
- Up to 25% lighter than most wood composites.
- Cool pigment technology helps reduce heat buildup for a more comfortable feel.
- Our proprietary Korelite™ technology creates a unique, dense cell structure providing superior strength.
- The industry-leading and time-tested SunShield® technology protects your Clubhouse deck from the harsh effects of the sun.
- And Clubhouse decking features a limited lifetime warranty with 25 year fade and stain protection backed by Deceuninck—a global leader in world-class engineering with 70 years of industry experience.

**See warranty for details and limitations*

CLUBHOUSE[®]

DECKING

In the brightest sunshine or in the coolest shade, Clubhouse makes a statement with an exceptional natural wood look with dual-color, dual embossed planks in two stunning collections:

The Hardwood Collection

Four distinctive variegated grains that mix or match to give your clubhouse a truly unique feel that's all your own.

The EarthTone Collection

Four style-driven solid shades that bring the look of painted luxury without the need for painted maintenance. A bright way to make set the mood with a backdrop of color.

CCRR-0175 Code Approved.

INTEGRATED DESIGN OPTIONS

Clubhouse also provides members with a unique set of design options.

- Clubhouse decking offers a choice of board styles – Solid and hidden fastener board options for picture perfect installation.
- The Dual-color, dual embossed planks provide multiple design options with one board!
- Clubhouse offers a wide range of solid and variegated colors. Low gloss-woodgrain finish also helps with skid resistance.
